..New York .. Stock Market

TONE CALLED GOOD BY STOCKBROKERS

Underlying Firmness Suggests That Next Movement Will Be Upward.

LITTLE SPECULATION

Traders Are Waiting to See What First of Year Will Bring.

BY BROADAN WALL.

New York, December 29.—All things considered, to-day's stock market maintained a fairly steady tone, in spite of heavy selling for foreign account, realizing by traders, and an almost total absence of outside interest. Orders to sell stock for foreign account were unexpectedly heavy at the opening. Amsterdam and Berlin disposed of Canadian Pacific and Steel common on direct orders, and London sold these issues, as well as Amaigamated Copper, through the usual arbitrage channels. In all, some 25,000 shares were sold. As the selling slackened, a point advance in Amaigamated Copper gave temporary strength to the list, but this only induced fresh liquidation in Canadian Pacific that carried the price to the new low level of 294. It was noticed that as soon as the market became soft selling orders were withdrawn, and there succeeded periods of extreme dullness that worked back into a growing firmness of prices.

New Haven, which had risen to 78½ on covering, dropped back to 75, although the stock is still in good demand in the loan crowd at a premium, showing that a considerable bear interest still remains to be covered. Steel common was under pressure, stock appearing on any sign of firmness. The bulk of the day's business was done between 584 and 584.

Reading led in point of activity, moving with the varying currents of the day. Floor traders still watched this etock, in the belief that it will lead in any fresh advance in the general market. Other coal stocks were heavy. Erie dropped to 28, and Lehigh Valley fell to 19.

A further improvement in the market for copper metal was reflected in a better market for the copper shares. Of these issues, Utah was the strongest, crossing 31.

Texas Company stock rose five points in sympathy with recent strength in Standard Oll issues.

Pacific Telephone and Telegraph preferred

dl issues.

Pacific Telephone and Telegraph preferred ecovered six points, to 88. Tobacco stocks howed irregularity: American Tobacco delined five points and Lorillard preferred dynamical two.

clined five points and Lorillard preferred advanced two.

Bonds were active, and in many cases strong. New York Rallway adjustment is, on heavy trading, rose from 58% to 59.

Wabash refunding 4s advanced from 48% to 52. New York City bonds displayed a good tone. Investment issues generally indicate an improvement.

One Colorado Midland first mortgage 4s sold at 15, whereas the last previous transaction in this bond occurred at 27.

Trading in the New York State 4½ per cent bonds "when issued" around 1954 indicates that the \$51,099,009 to be offered January 1 will be largely oversubscribed. It is believed that the State will realize between 194 and 195 for the entire issue.

Call money rose to 6 per cent for a moment, but renewals were made at 23, and money was offered at this figure when the market closed. Out-of-town institutions are freely offering time funds.

Rock Island for November showed a decrease in gross of \$462,000 and of \$237,000 in net. Southern Rallway lost \$161,000 gress and \$196,000 net. Preliminary statements Indicate a further loss in December earnings.

Brokers call the tone of the market good. The market displays underlying firmness which suggests that the next movement of importance will be towards a higher level. There is little disrestion to encourage speculation until the turn of the year or the beginning of next week.

New York. December 29.—A reactionary lendency developed in the stock market to-lay. Traders were more inclined to swing to the short side, and at times the popular stocks were under heavy fire from the bears. Freesure was not applied steadily, however, and trading dragged much of the time. Only a few prominent shares were forced down to much as a point.

The downward tendency was influenced by calizing sales in stocks which have made arge gains recently, and by the especial veakness of individual stocks. Canadian Patie dropped to 29, the lowest price in two-cars. New Haven was offered freely, 2nd at one time sold 21g below its best figure of the day.

European selling was a factor, about 15,000 liares having head of creeks.

of the day.

European selling was a factor, about 15,000 shares having been divested of foreign account. Canadian Pacific's weakness was due largely to pressure from abroad.

Sales of copper metal at 15 cents were reported here, and the metal markets abroad improved. The copper shares felt the athmisting effect of this change for a time, but ultimately joined in the general movement. The uncertain outlook for money during the closing diffs. The uncertain outlook for money during he closing dues of the year played a part in restricting speculation. Call loans were enewed at 32 per cent, but later the rate rose to 6.

Bonds were irregular. Wabash 4s jumped 3½, and some high grade bonds were fractionally better. United States 2s, registered, its registered and Panama 2s registered advanced ¼, and Panama 3s registered ½ on call. United States 4s, coupon, declined ¼, and Panama 4s, coupon, it.

New York, December 29.—Call money casier; 34.96; huling rate, 34.94. Time loans weak; sixty and ninety days, 44; six months, 42.96. Mercantile paper, 52.96. Serling exchange steady; sixty days, 44.8125; demand, 44.825. Commercial bills, 54.89. Bar silver, 578. Mexican dollars, 449. Government bonds irregular. Ratiroad bonds irregular.

COTTON MARKETS.

COTTON MARKETS.

New York, December 28.—Predictions that notices representing fully 500,000 bales would be issued against January contracts here to-morrow were accompanied by considerable near-month ilquidation during to-day's trading. This selling, combined with realizing, attracted by the advance of about 40 to 45 points from the recent low level, gave the market quite an unsettled appearance, and an early advance was lost, with the close steady, net four points lower to six points higher. January was relatively weak, and at times sold about 24 points under March. At this difference there was a considerable demand for January against sales of the spring months, but uncertainty with reference to the February revision was regarded as a factor in the situation, and some traders predicted that January would sell 40 points under March before the expected deliveries were ultimately absorbed.

The market opened steady, at an advance of 8 to 11 points on a renewal of Saturday's buying movement, which had the encouragement of relatively firm cables, bullish spot advices from the South, and continued take of Hight glinning returns. The appearance of January selling orders seemed to check the demand, however, while there was naturally a good deal of realizing at the advance from the low level of a week ago last Monday, and the market soon turned easier.

There was no change in the general character of news from the South, but there appeared to be some traders inclined to look for more bearish ginning returns than suggested by recent rumors, and the market sold about net unchanged to two points lower during the early afternoon. Later fluctuations were more or less irregular, with the close showing rallies of a few points on the active months.

Private Liverpool cables attributed the firmness there at the opening of the market this morning to a fair general demand, which had absorbed moderate hedge selling.

Pay

Richmond, Va., Dec. 1, 1913. THE LAST HALF OF CITY TAXES-REAL ESTATE AND PER-SONAL-for 1913 IS DUE IN DECEMBER, AND SHOULD BE

PAID AT THIS OFFICE.

EVERY MALE, twenty-one years of age, and EVERY person keeping house or doing business in the city, is assessed for personal taxes. Those who have not paid any city taxes during the year are urged to call and settle, so as to avoid being posted as delinquents.

FIVE PER CENT will be added to last half if not paid on or before DECEMBER 31. Interest at SIX PER CENT also attaches to all bills as soon as re-

ported delinquent. Particular attention is called to the above, as under the city ordinance there can be no avoidance of

the penalty.

GRADING, PAVING AND SEWER
CONNECTION BILLS are also due
and payable. FIVE PER CENT penalty will be added to all 1913 grad-

ing, paving and sewer connection bills NOT PAID BY JANUARY 31, WASHINGTON WARD TAXES, ETC., must be paid at the office of DEPUTY COLLECTOR, Tenth and

H. L. Hulce,

City Collector, City of Richmond.
